## JOB POSTING

---

### CLINICAL SUPERVISOR AT ONEN'TÓ:KON HEALING LODGE

Onen'tó:kon has been offering a trauma focused – culturally based program, which incorporates traditional practices of healing while working with clients one-to-one for more than twenty years. Nestled in the beautiful pines of Kanehsatà:ke, along the shores of the Lake of Two Mountains, the healing lodge offers a sixteen (16) bed residential facility, open to all Indigenous peoples.

---

#### JOB SUMMARY:

Under the supervision of the Executive Director, the Clinical Supervisor is responsible for the overall supervision, operation, and programming of the clinical and cultural teams at Onen'tó:kon Healing Lodge (OHL). The Clinical Supervisor will provide day to day program support, management, oversight, review, and modification of programming as may be required. The Clinical Supervisor will provide overall clinical supervision for the clinical team as well as ongoing support for training and development of all team members, especially in regard to certification in their field of expertise. The Clinical Supervisor is an integral part of the management team and provides various recommendations and reports to the Executive Director. Ensures programming focuses on providing traditional healing and best practices in the field of addictions and mental health for the clients in residence. The Clinical Supervisor promotes building partnerships with outside resources to meet the needs of and enhance program delivery. A complete job description is available here.

The current salary starts at \$37/hour, however all salary scales are being revised.
